

THOMAS BIG HIT IN GRAND OPERA

Munsey's Critic Writes Most Favorable Of J. B. Rot-nour's Son-in-Law

Munsey's Magazine for May says the following of John Charles Thomas, a young opera singer, who is making a big success in "The Peasant Girl." Mr. Thomas is a son-in-law of J. B. Rotnour of this city. Mrs. Thomas is expected here within a few days for a visit with her father.

Pronounced success in "The Peasant Girl" was also achieved by the baritone, John Charles Thomas at Bolo, the impoverished nobleman whose good looks attract the women away from their other lovers. Mr. Thomas is the son of a Methodist clergyman in Baltimore, where he was wont to sing in church choirs until he decided to enter the concert field. So he came to New York, where he was told that he could not secure an engagement until he had some experience.

"But how can I obtain experience if I can't get a chance to start in?" he naturally inquired.

A shoulder shrug was the only reply. Rebuffed at this point, young Thomas decided to try the high opera field; so he went to the offices of Henry W. Savage and asked them to test his voice. The result was an engagement to sing the role of Pasion in "Everywoman"; but as this was the second year of the play, he got no chance to appear on Broadway. He achieved this the next season, but only with two small parts in "The Passing Show of 1913" at the Winter Garden.

The following spring found him more happily placed with the Gilbert & Sullivan Opera Company, where among others he had a chance to sing his favorite part, Stréphon in "Iolanthe." Last summer he joined the Edward Temple Opera Company at Olympic Park in Newark, New Jersey; and that engagement was indirectly the cause of his being picked for the part opposite Trentini in "The Peasant Girl," which has made him a happy find for Manhattan.

FIREMAN IS HURT

Fire in a house on Anderson St., owned by George Dusel, Wednesday forenoon did considerable damage. The house is occupied by two families and all furniture was removed with little loss. A defective stove pipe is said to have been the cause of the blaze.

Charles Johnson, a fireman of hose company No. 1, was painfully bruised about the face and hands when he fell down face downward on the pavement in jumping from the auto truck to "make" a hydrant. The accident will not keep him from duty.

TOMAHAWK LAKE PROVIDES 225,000,000 PIKE SPAWN

Madison, Wis., May 11.—In two weeks 225,000,000 pike spawn were taken there twelve years ago.

gathered from Lake Tomahawk by the state fish department. From this amount, Supt. James Nevin of the fish hatcheries expects to get at least 115,000,000 pike fry, the eggs having been distributed to the hatcheries at Spooner, Minocqua, Eagle River and Delafield.

State employees handled in the two weeks over 15,000 fish of which it is estimated that not more than fifty will die because of resulting injury. Mr. Nevin contrasts the results in Tomahawk lake at this time to con-

BIG SHAKEUP IN THE STATE GUARD

A big shakeup in the Wisconsin National guard was announced in orders issued Tuesday by the adjutant general, states an Appleton despatch. Lieut. Col. J. A. Nemitz, Second Infantry, Oshkosh, for thirty years a member of the guard, is relieved from duty with his regiment and assigned as an additional officer on the governor's military staff.

The following officers are transferred from duty with troops to the unassigned list: Capt. F. M. Foster, Third Infantry, Sparta; Capt. C. A. Kriesel, First Infantry, Milwaukee; Capt. Hugo F. Mehl, medical corps, Milwaukee; Lieut. Eugene Mattison, Tenth battalion, J. N. Tadych, Second Infantry, Oconto Falls; G. M. Kent, First Infantry, Milwaukee; L. A. Williams, First Infantry, Milwaukee, and F. A. Koepke, Second Infantry, Sheboygan.

These changes were made necessary by the addition of new companies which have been created.

Maj. Zink, Beaver Dam, will succeed J. A. Nemitz as lieutenant colonel, while James McCully, Ashland, will be promoted major, Capt. W. H. Hill, Oconto, senior captain of the Second, having waived his rights.

The order provides for the three regiments absorbing the Tenth separate battalion for machine gun companies, leaving only the Chippewa Falls company as an independent unit.

WINS TWO GAMES

The Minocqua grammar school baseball team added another scalp to their list last Saturday when they defeated Merrill 10 to 1. On account of the cold weather not many people turned out to see the game, but those who were brave enough to face the rain and cold were treated to some real base ball every minute. Minocqua won on the strength of their good team work and fielding. McNutt pitched good ball for Minocqua. Fehland also threw a good game for Merrill but his support was poor. Each pitcher struck out thirteen men.

Battery for Minocqua, McNutt and Kennedy.

Merrill, Fehland and Hall. Not contented with one victory, the graders came back again Sunday and defeated a team composed of business men and members of last year's city team. The business men's team took the lead but the graders came back strong in the last few innings and won 13 to 12. Next Saturday, the team representing the Mercer schools will come to Minocqua for a game.

OBSERVE ARBOR DAY

In several of the grades of the city schools appropriate Arbor and Bird Day exercises were held Friday afternoon. The day was also observed in many of the county schools.

MANY ELKS GOING TO CONVENTION

Estimated That 30 Members Will Represent Local Lodge At Oshkosh

Eight delegates will represent Rhinelander lodge 538 D. P. O. E. at the Elks state convention in Oshkosh June 1, and 2.

Aside from this official delegation the Elks base ball team of this city will attend the convention and meet one or two of the other visiting teams in the race for the silver cup. Many other members of the antlered herd announce their intention of attending the convention and it is estimated that 538 will send in neighborhood of thirty to the Sawdust city. There is talk of chartering a Pullman car on the Northwestern railway to the convention, while some favor making the trip in automobiles.

FIVE JOIN HERD

At the regular meeting of the local Elks Thursday night, five buck tawns, whose horns are just beginning to sprout, were permitted to enter the mysterious realm of Elkdom. These new additions to the herd give every indication of becoming good live members and a credit to 538. They are Thomas Morse, J. J. Nick, Charles Friedman, Ray Sorenson and E. K. Riek.

Following the initiation some sixty or more of the herd repaired to the salt lick where a spread such as has rarely been served in the club rooms was set before them. The place of resistance appeared on the menu as Pickled Elk Horns, but really proved to be white fish, both baked and fried. This delicious headliner, with all the trimmings, was prepared by Chef E. C. Henning and served by those two master food jugglers, Mons. Remo and Mons. Gaston whose real address is Paris, France not Paris, Illinois, but who since the outbreak of hostilities in their native land have been residing in Rhinelander. After the festive board had been scraped as clean as a hound's tooth, the remainder of the evening was devoted to music, brief addresses and stories. It was a jolly occasion, such as is always the case when good Elks get together for a bit of social intercourse.

BEVERLY BAYNE IN REAL LIFE

H. C. Zander and P. R. Philles returned from Minneapolis Saturday where they spent five days at the convention of motion picture exhibitors of the northwest. The convention was held in the West Hotel where it is estimated nearly 2,000 exhibitors gathered to "talk shop," view the various picture machines on exhibition, see the latest film productions and have a general good time. Several of the leading motion picture actors and actresses were there in real life, (not in reel life) including Beverly Bayne, the dainty little star, who is a favorite among all movie fans.

As a result of the convention some brand new feature pictures will soon be seen at the Majestic and Bijou.

Next year's convention will again be held in Minneapolis.

DIES IN MEMPHIS

Father Campbell Gray, of St. Augustine's church received the sad intelligence Monday of the death of his mother in Memphis, Tenn. Mrs. Gray was the guest of her son here recently and formed the acquaintance of many Rhinelander people who will learn of her death with deep sorrow. Father and Mrs. Gray departed Tuesday night for Memphis to attend the funeral.

NEED NEW SOO TRAIN FROM WEST

Now, that the Northwestern line has promised Rhinelander a new train from Watersmeet what a fine thing it would be if the Soo people would give us another train into Rhinelander from the west, say from Prentice and return," remarked B. R. Lewis a few days ago.

Continuing, he said: "There are lots of people from the little towns along the Soo between Prentice and this city who would gladly come here to trade if train service was convenient. As it is now these people would be obliged to remain here overnight and this for many of them would be out of the question. Trade which should come to Rhinelander is now going elsewhere. The merchant association once approached the Soo officials in regard to putting on this train but no encouragement was given. I believe it is now time to get after the company again and get after it strong."

FINE RECITAL TUESDAY NIGHT

A splendid recital was given last Tuesday evening at Gulik hall by Loretta Stoddard, Forest Reik and Whelan Suttill pupils of Mrs. Jessie Hampton. Each performer rendered three selections varied in character, showing thus all phases of musical interpretation had been carefully studied.

"The Rosary" by Forest Reik was especially well rendered from a musical standpoint of intelligence.

March-Turkey by Whelan Suttill was a very enjoyable number, the rhythm being well brought out, and interpretation splendidly given.

Prelude and Polka Brilliant by Loretta Stoddard were very skillfully performed. Her tones are very musical, technique very clear and decided. A clarinet solo by Mr. R. A. Reik won a hearty applause. Mr. Reik was accompanied by his son, Forest. Mrs. Williams sang in her very charming manner, Mine, by Schubert. It received with a great deal of pleasure.

These pupils are a great deal of credit to Mrs. Hampton. In technique, expression, interpretation they are to be congratulated and deserve much praise.

WESTERN POMONA MEETS JUNE 5

Western Pomona Grange No.—19 will meet with Rhinelander grange at Rhinelander Saturday, June 5.

Grange will open at 10:30 a. m. Welcome address by Worthy Master, John F. Wilde, of Rhinelander grange. Response by Worthy Pomona Master, Geo. H. Dawes. Worthy National Master Wilson will be present and also State Master Chiberton. The program will consist of music, speaking and various topics. All visiting granges will be entertained by the members of Rhinelander grange. A large attendance is requested.

FRANCIS HAS BIRTHDAY

The home of Mr. and Mrs. Francis Ulrich in the town of Pine Lake was the scene of merriment Tuesday evening when a large number of Mr. Ulrich's friends gathered there to help him celebrate the anniversary of his birth. Dancing in the barn was enjoyed until the stars were beginning to fade, the crowd only leaving the floor long enough to partake of supper. Several auto loads of Rhinelander people were in attendance. Mr. Ulrich was presented with a comfortable porch swing.

NEW ORCHESTRA LEADER

George Hartman has taken the place of E. K. Reik as director of the Majestic orchestra. Mr. Hartman is a graduate musician of St. Louis.

CITY ENTERTAINS EPWORTH LEAGUE

Seventy-Five Delegates Attend Annual Meeting of Appleton District

The Epworth League convention of the Appleton district opened last Friday in the Methodist church by a song service and devotions, led by Miss Caffray, the evangelist. After an address of welcome by the local president, the response was wittily given by Dr. Tippl, the district superintendent. Miss Caffray and Miss Pinnell sang two songs. Rev. Evans of Wausau gave the address of the evening on "The Tower of London." The historic facts had a greater significance to all, as the speaker had visited the tower last summer. His pictures of the romantic, festive life in the gay halls and the tortured lives in the gloomy dungeons, were graphic.

A reception by the young peoples' societies of the Congregational, Baptist, and Methodist churches was enjoyed in the Congregational church. The members of each society could easily be distinguished by the knot of ribbon designating the color of their society while the delegates had badges with their name and home town written upon them. Acquaintanceship was made easily and pleasantly.

The Saturday morning meeting was opened by devotional hour led by Reverend Ever of Antigo. The rest of the time was devoted mainly to reports, both from the district officers and the various leagues. Helpful plans were discussed and some of the best things accomplished during the year were mentioned. Then two good papers on social service and league finances were read and discussed.

A part of the afternoon was devoted to temperance talks and a rousing temperance song was sung several times. A talk on the Epworthian was given by Dr. W. E. J. Gratz of St. Paul. He is pastor of a Methodist church there. The young people received him enthusiastically whenever he spoke and found great pleasure in speaking with him personally.

About four o'clock a business meeting and election of officers was held. Half of the old officers were re-elected. The president is Miss Myrtle Hart of Appleton; the vice president Miss Ada Shafer of Grand Rapids, Mr. Cook of Kaukauna, Miss Dewey of Green Bay; the secretary, Miss Glaser of Neenah; and the treasurer Mr. Edgar of Antigo. The next convention will be held at Stevens Point.

Through the kindness of automobile owners an hour's delightful ride.

(Continued on last page.)

RHINELANDER HAS NEW BOAT LIVERY

The Oneida Boat Livery is the name of a new concern which will be prepared for business within thirty days. Sam Johnson and Sam Anderson are the proprietors.

At the foot of Phillip street, near the paper mill dam, three boat houses are being dismissed and on the site will be built a building 30x50 feet, which will be occupied by the livery. This building will accommodate ten boats of various descriptions and these boats will be leased by the hour or day for up river trips.

Messrs. Johnson and Anderson believe there is need for a first class boat livery on the Wisconsin river and their friends feel confident that the innovation will prove successful. Pleasure seekers who do not wish to bear the expense of boats of their own, can for a modest price secure the services of rowboats or launches at any time during the season.

CHILDREN GIVE CLEVER OPERETTA

"The Pixies," a comic operetta in which seventy-five children of the public schools participated, was presented Friday and Saturday evenings in the auditorium of the high school to appreciative audiences. It was one of the most delightful entertainments ever given by little people in this city and every one of the cast did exceedingly well. The music was charming, the dancing and singing splendid, the costumes were pretty and altogether the production was one of merit.

To Miss Buck, supervisor of music under whose direction "The Pixies" was given, is due no little credit for its success. She not only was in charge of the children's training, but attended to every detail connected with the entertainment.

HOUSE SCARCITY SERIOUS MATTER

C. P. Crosby Urges Local People To Get Busy and Relieve This Situation

C. P. Crosby in an interview with a New North representative regarding the scarcity of houses in this city made the following statement: "Mrs. Alice Blackburn of Iowa, writes from Peshtigo, that she and her family are looking for a place to settle, and want to know if they can secure a house here to live in a month while they investigate the country and look up a farm. They had heard that there were no empty houses in Rhinelander."

"Thomas Wenzel of Calamus, Ia., writes that he is about to get married, and he and his bride expect to move to Rhinelander and take up farming or go into some business. He also wants to know about rooms or a house."

"These two are simply samples of the letters that come in every week. Are the people of Rhinelander going to wait till some outside party comes in to build houses for them or are they going to take hold and build for themselves. There are plenty of people who would like to move out of the places they are living in, into something better. Isn't there any lumber yard or contractor here that can see some profit in building a line of houses and selling them through the Building Association? There is certainly money here to buy with, as one can see by the number of new autos that have come into Rhinelander this year, and the money is not all going into autos either. Won't somebody make a start and get a few houses underway. All it needs is a starter, and then others will join in."

MEET IN WAUSAU

The Wisconsin Valley church club of the Episcopal diocese of Fond du Lac met in St. John's church in Wausau Tuesday evening. Delegates were present from Stevens Point, Grand Rapids, Mosinee, Medford, Wausau, Tomahawk, Merrill and Madison. Father Gray of this city intended to attend but abandoned his plans owing to the death of his mother.

IN HONOR OF MOTHER

Members of Lake Camp 1749, W. A., observed Mother's Day, Sunday, by marching in a body from their hall on Stevens street to the First Baptist church where they attended services and listened to a timely address by Rev. Dinmore, the pastor.

MOTORCYCLE RIDER HURT

George Ladusire sustained a bad scalp wound Sunday when he was thrown from a motorcycle while turning a corner at a good rate of speed. Ladusire's head struck the curb and that he was not more seriously hurt is remarkable.

Plant that dollar in the bank today

YOU can't expect a crop of money at the end of your earning season if you don't plant a few dollars in the bank NOW.

"LIFE is just a matter of farming—of finding a fertile soil in a good field—of breaking ground and being patient. The harvesting comes last—the main work must be done while the least results are showing"—Herbert Kaufman.

For sale by All Dealers.

HEALTH

Great Gain Recorded
Dr. Louis Frank, a member of one of Milwaukee's pioneer families, has completed a medical history of Milwaukee which is of great interest and value to the people of the entire state.

To my mind, nothing in Dr. Frank's book is more illuminating than the tables in which he shows of what diseases the people died, year by year, for the past forty years. As a part of this study, he has compiled a table showing the most important causes of death for the last twenty years as compared with the preceding twenty.

Today, as you frequently see in reports from Health Departments, pneumonia and tuberculosis are the most frequent causes of death, whereas from 1870 to 1891 convulsions and intestinal diseases of childhood headed the list. During the last twenty years, convulsions in tenth, due to more intelligent feeding and care of infants. Whereas smallpox ranked fourth as the cause of death from 1870 to 1891, from 1892 to 1914 it is at the bottom of the list. Practically no deaths are due to smallpox today.

Diphtheria changed its position from fifth in the early period to eleventh in the latter period. Antitoxin is mainly responsible for this decrease. Scarlet fever was seventh from 1870 to 1891; from 1892 to 1914 it was fifteenth. Better quarantine secured this increased safety. Meningitis was relatively much less important in the last twenty years than it was in the preceding twenty years; typhoid and measles somewhat less.

The most abrupt jumps upward in the second period from the position occupied in early period are made by kidney disease from seventh to sixth; cancer from fourth to fifth; heart disease from tenth to third; and pneumonia from sixth to first.

Dr. Frank's table is not built on actual increase or decrease in numbers, but upon change of position. Obviously, therefore, when smallpox drops from near the top of one column to the bottom of its parallel column, it has had to crowd more common diseases nearer the head of the list. Nevertheless, this table gives point and general confirmation to the truth recently pointed out in this column, that the common diseases of early life are growing less and the degenerative diseases of adult life are increasing.

The above gains offer encouragement to, and great promise from increasing intelligent care of infants; antitoxin in all cases of diphtheria and membranous croup; and enforcing quarantine in all cases of scarlet fever.

I own two 50's on a lake 5 miles north of Rhineland on which I have buildings put up out of the timber on the land. If you have a team and money to get a few cows, I am willing to enter into contract with you to put up these buildings and give you credit on the purchase price for the value of your work and see you pay the balance of the purchase price out of the crops from year to year. You can not buy land on easier terms. Write me. W. A. Mearitz, Antigo, Wis. M-12-20

FR. JULY'S FUNERAL

The Green Bay Free Press gives the following account of the funeral of the late Rev. Nicholas July held in that city:

Solemn services marked the funeral of the Reverend Father Nicholas July, secretary to the Archbishop of Milwaukee and a native of this city. A pontifical requiem High Mass was sung at 10 o'clock in Saint Francis Xavier Cathedral where the body had been in state since its arrival in this city Monday afternoon. The celebrant at the Mass was His Grace Archbishop Sebastian G. Messmer, who was assisted by the Rev. Frs. Sprangers as arch priest.

Beware of Ointments for Catarrh that Contain Mercury as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 50¢ per bottle. Take Hall's Family Pills for constipation.

3,000 acres cut-over lands in 36-11 and 35-9, Oneida Co.

Acre lots adjoining city limits. Choice dwelling houses in city—modern improvements.

"INSURANCE THAN INSURES"

BARNES-WEESNER INSURANCE AGENCY
Merchants State Bank Building.

Mark was master of ceremonies: George Clifford, Chilton, and Salls of Antigo as deacons of honor; Herb of Stockbridge and Diederich of the bishop's church as deacon and sub-deacons of the Mass respectively. Scores of priests and prelates from the arch-diocese, and from this diocese came to the city to attend the funeral of the priest, and the services were most impressive.

The pallbearers were members of the Cathedral parish and the eulogy was eloquently delivered by the Very Reverend Monsignor P. J. Lochman, Adm., who praised the many good deeds and finer virtues of the elderly father who was a native of this city.

The burial was made at Allouez Catholic cemetery.

WANT STATE ROAD AID

The Wisconsin highway commission has received practically complete returns from the town meetings which give the amounts voted construction in 1916.

There are 60 counties containing 1070 towns which do state aid road work under a plan by which the towns initiated the construction by voting taxes. In the other eleven counties the county board initiates the construction, the county paying two-thirds of the cost and the state one-third.

Returns were received from 913 towns out of the 1070 under the town system. These towns reported votes of \$753,600 this spring, as opposed to \$447,500 the spring meeting last year, an increase of 68 per cent.

Probably you believe your eyes are right. For your sake we trust they are. In many cases one has defective eyesight from birth and does not realize that the deficiencies exist. There are so many symptoms of eye strain, it is impractical to even attempt to mention all of them.

Usually the sufferer does not complain of poor vision but suffers from distressing headaches and nerve troubles of various kinds, all of which arise from the eyes.

THE NEW NORTH.

THE NEW NORTH PRINTING CO.
MAY 13, 1915.
Entered at the Postoffice at Rhinelander, Wis. as Second Class Mail Matter

About time to revive that last year's panama.

What has become of the old fashioned parents who used to sit in the front parlor and help their daughter entertain her best beau?

"Build A House" is a good slogan for the man who has a little money to invest.

Rhinelanders Elks may be represented at the Oskosh convention fifty strong. Nothing slow about 598.

Buy everything that you can in Rhinelander and what you can't buy here have your dealer send for it.

The large number of carnations worn by Rhinelander folks Sunday was ample proof that mother was not forgotten.

Fortunate is the man who lives in a small town. He isn't compelled to spend half his time dodging jitney busses.

When great national magazines begin to proclaim the fame of Oneida county as an agricultural section it is time to sit up and take notice. Did you see the article in last week's Saturday Evening Post?

"See America first" also means "safety first." Wise Americans will find plenty to interest them in their own country instead of crossing the pond in these critical times and risk meeting the fate of those who went down on the Lusitania.

Says an exchange: "The reason we never put out a paper without a mistake is because a friend or ours told us that the person who never makes a mistake is ready for six feet of sod." We are not ready for that happier land so we try to make one mistake a week.

Leo Frank, who on the flimsiest of testimony was convicted of the murder of an Atlanta factory girl must hang. Mrs. Florence Carman tried for the killing of Mrs. Louise Bailey and against whom the evidence was most damaging, has been acquitted. American justice often takes some queer turns.

While the sinking of the Lusitania by a German submarine, resulting in the loss of 119 Americans presents one of the gravest situations with which this government has had to contend since the beginning of the European war, it is sincerely hoped that the people will follow President Wilson's advice and not lose their heads before a thorough investigation of the horror is completed. "Don't rock the boat."

The Merrill Daily Herald, one of the newest and brightest of our exchanges, has just observed its seventh birthday. Since the time this paper was established it has done more to advertise the city of Merrill than any other one factor. That Merrill people appreciate the Herald is evidenced by its ever increasing subscription list and advertising. May the Herald live long and continue to enjoy the good things of life.

FIFTEEN YEARS AGO

Fifteen years ago, Henry Ford, the automobile manufacturer, was engineer in an electric light plant in Detroit. Charles Murphy, the baseball millionaire, was a reporter on the Cincinnati Enquirer. Thomas H. Ince, the motion picture magnate, was a comic-opera comedian, glad to get \$50 a week. Charlie Weizham, owner of the Chicago Federal base ball team and a string of restaurants, was a waiter in a quick lunch room. And so it goes. This list could be strung out to a column's length. Therefore, when you have a boy or a young man complain that he has had no chance, take him by the arm and tell him a few things. There never was time in the world's history when there were more opportunities for a young man to push to the front. There never was a time when a little intelligence and determination would provide a man with a competence in a few years. This is particularly true in the farming business—for farming is a business. The young man of today who will take hold of a farm with the ideal of making it the best farm in the country and who will work intelligently for ten years with that idea always before him, will not have to work for the remainder of his life.—Wausau Pilot.

THE KNOCKER'S CREED

I believe that nothing is right. I believe that everything is wrong. I believe that I alone have the right idea. The town is wrong, the editors are wrong, the teachers are wrong, the people are wrong, the things they are doing are wrong and they are doing them in the wrong way anyhow. I believe I could fix things if they would let me. If they don't I will get a lot of other fellows like myself and we will have a law passed to make others do things the way WE want them done.

I do not believe that the town ought to grow. It is too big now. I believe in fighting every public improvement and in spoiling everybody's pleasure. I am always to the front in opposing things and never yet have I advanced an idea or supported a movement that would make people happier or add to the pleasure of man, woman or child. I am opposed to fun and am happiest at a funeral. I believe in starting reforms that will take all the joy out of life. It's a sad world and I am glad of it. Amen.—Exchange.

HUBBARD'S PREMONITION

A few days before he sailed on the Lusitania, losing his life when the vessel was torpedoed off the Irish coast by a German submarine, Elbert Hubbard, well known as a writer, lecturer and publisher of the Philistine and Fra, wrote to his friend, John E. Fitzgibbons, advertising manager of the Phoenix Knitting company of Milwaukee.

He explained that he intended to go to Europe to get "inside stuff" on the war for publication in his magazines.

"Abroad, I will represent my self," wrote; "and I will edit my own copy. I intend to store it in my bean; and in that way elude the censor. When I get back, if I do, I will give it to the readers of The Fra and The Philistine—straight."

Elbert Hubbard had a premonition of death, which he confessed in the following paragraph:

"I may meet a mine or a submarine over there. Or I may hold friendly converse with a stray bullet in the trenches."—Milwaukee News.

IRA SMITH HEADS COUNTY SOLONS

New Board Names Cassian Man As Chairman At Tuesday's Session

The new Oneida county board organized at a special session Tuesday afternoon. All the regular members were present except Emil Kloes of the town of Three Lakes now sick in Milwaukee, whose place was filled by William Anderson, member of the side board of that town. On an informal ballot after the calling of the meeting by Ex-Chairman B. N. Moran, the vote stood Ira Smith 16, Jas. Baker 5, A. W. Brown 3, for chairman. The informal ballot was made formal on the motion of Mr. Baker by an unanimous vote and Mr. Smith was declared elected chairman for the coming year. By acclamation A. W. Brown was made vice chairman.

The meeting was adjourned until Wednesday morning at 9 o'clock at which time Chairman Smith appointed the committees as follows:

General Claims—T. M. Bolger, H. L. Abby, John Mentink, A. J. LeClaire, J. E. Russ.

Poor and Pauper—C. H. Olson, John Bernstein, W. Webster, John Gooden, John Barlow.

Public Property—G. C. Chase, John Barlow, J. E. Russ, Jas. Murphy, R. C. Luedke.

Settlement with County Officers—H. Wubker Sr., John Lubold, John Mentink, W. Webster, A. W. Brown.

Illegal Taxes—A. W. Brown, J. Rice, R. Woodzick, A. J. LeClaire, H. Wubker, Sr.

County apportionment and Finance—J. M. Baker, D. Rice, C. H. Olson, A. W. Brown, Emil Kloes.

Highways and Bridges—John Schwartz, Wm. Olson, G. C. Chase, Jas. Baker, Emil Kloes.

Printing—Jas. Murphy, R. C. Luedke, John Gooden.

Towns and City—John Lubold, John Bernstein, John Barlow, Wm. Olson, J. E. Russ.

Sheriff and Justice—D. Rice, Gust Markstrom, John Lubold, John Schwartz, G. C. Chase.

Per Diem—John Barlow, R. Woodzick, John Gooden.

A large part of Wednesday's ses-

SHOES

GOOD FITTING
GOOD WEARING
KINDS

OUR STOCK OF SHOES IS BIG. WE CARRY 'EM IN ALL WIDTHS. THAT'S WHY WE CAN FIT YOU. OUR SHOES ALSO MAKE THE FOOT LOOK NEAT AND TRIM: THEY WEAR A LONG TIME.

THE BRANDS OF HOSE WE SELL HAVE STOOD THE TEST AT WEARING.

ALL SHOES AND HOSE FOR THE SAME MONEY ARE NOT THE SAME QUALITY. TRY OURS JUST ONCE. THAT'S ALL WE ASK.

"JOHN KELLY" SHOES

Need no introduction in this city, for you all know from actual tests and past experience—that there is but ONE reliable make of footwear for the price, and this is the Famous JOHN "KELLY" Line. That particular brand of honest made footwear is sold by US ONLY. at \$3.50 to \$5.00.

MISSES AND CHILDREN'S SHOES, PUMPS AND OXFORDS

Styles and sizes GALORE at most any price you wish to pay for. It is a cinch that you will find OUR prices the LOWEST in town. The Quality of our shoes are absolutely the best that money could buy.

Give us a chance to fit you.

Tipperary Belts and Hand Bags

Bags 98c
Belts 50c

Children's Parasols

A BIG LINE TO PICK FROM

15c and 25c

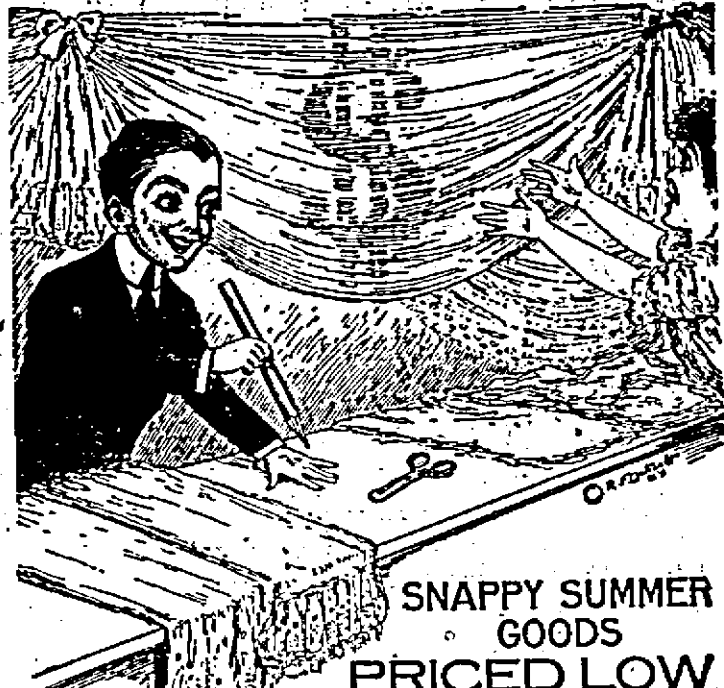

Ladies' Kid Gloves

\$1.25 QUALITY

All sizes \$1.00

JACOBSON DRY GOODS COMPANY

RHINELANDER'S GREATEST RETAIL ESTABLISHMENT

SNAPPY SUMMER
GOODS
PRICED LOW

"SNAP" IS A THING WE HUNT FOR WHEN WE SELECT OUR SUMMER GOODS: "SNAP" IS THE THING WOMEN AND MEN WANT WHEN THEY BUY THEM.

THE PRICE MUST BE LOW WHEN WE BUY: AND THE PRICE IS LOW WHEN WE SELL.

WE BID FOR BUSINESS WITH SNAPPY. BETTER GOODS FOR LESS MONEY. That's why we get the business.

Choose your Wash-goods from the biggest assortment in this city

Thousands of yards of nice and cool summer materials. Hundreds of stylish patterns and colors to meet the most exacting tastes.

We also know that our LOW PRICES will please your pocket book.

Our prices are as follows. 10c, 12½c, 15c, 18c, 20c, 25c, 35c, 45c, 65c, 69c., according to quality and width.

New Silks, Chiffons, Crepe du Chenes, etc.

"John Kelly" Shoes

In all the leading evening shades. Just the thing for your second graduation or dancing frock.

Priced at 75c, \$1.00, \$1.25, \$1.50, per yard

sion was devoted to the work of the various committees in their different lines after which the usual amount of bills were acted upon.

Thursday morning a bid by the Rhinelander New North and the Rhinelander News for printing the board proceedings for the coming year was submitted as follows:

25 cents per folio to each paper for all proceedings printed and 25 cents to each paper for all booklets printed. The bid was unanimously passed and the contract awarded to both papers.

County Clerk Verage was authorized to have printed one thousand copies of the official county directory.

The board adjourned at noon Thursday subject to call.

Wonderful Cuban Caves.

The wonderful caves of Bellmar, Cuba, to the east of Havana, attract the attention of the ambitious tourist. They are on a plateau as level as a table top, which presents no signs of the existence of such caves. After descending into the earth, however, a picture unfolds itself. Then come many passages, and at last the great "Gothic temple," 250 feet long and 80 feet wide.

Lost Nickel in a Mill Race.

A wealthy mill owner in a small town on the Wabash river, whose plant was operated by power derived from the waters of the river, several years ago accidentally dropped a nickel in the mill race. This man actually had his employees close the headgates of the race in order to secure his nickel after the water had emptied itself into the river.

Notice of Hearing.

State of Wisconsin, County Court for Oneida County.—In Probate.
Notice is hereby given that at the Special Term of the County Court to be held in and for said County, at the Court House in the City of Rhinelander in said County on the 22d Tuesday, (being the 15th day) of June A. D. 1915, at 10 o'clock A. M. the following matter will be heard and considered:
The application of Margaret Agnes Doyle, of Rhinelander, to admit to probate the last will and testament of Peter R. Doyle late of the City of Rhinelander in said County, deceased, and for letters testamentary thereon to be issued to her.
Dated May 11, 1915.

By Order of the Court:
H. F. STERLE, County Judge.
A. J. O'NEILL, Attorney for Petitioner.

VALUABLE POINTERS ABOUT TILE LAYING

About 95 per cent of the tile laid in Wisconsin is working perfectly. The remaining five per cent is working poorly or not at all, due to poor workmanship and not to any fault of the tile itself.

Tile that are well laid will last a generation.

These are some of the conclusions of E. R. Jones of the College of Agriculture, who is secretary of the Wisconsin State Drainage association.

"As roots of trees often clog tile, it is best to remove trees that are near the drainage line.

"In muck or peat soils, tile should be laid below the frost line, because these soils may expand enough on freezing to heave the tile to a damaging degree.

"Un glazed tile are just as good as glazed tile except where an outlet is exposed to the weather. At such points glazed tile or wooden flumes bear the exposure with the least injury.

"Tiles, the walls of which can be split into thin flakes, or those containing specks of lime are to be avoided. When laid, four-inch tile, with walls five-eighths of an inch thick, are just as good as heavier tile, but of course they are subject to breakage by handling. The breakage, however, should not exceed four per cent.

GOOD DESSERTS FOR BUSY PEOPLE

This is the busy season for everybody on the farm, and not only the men but also the housewives are hard pressed to get things done on time. For besides the usual spring cleaning, many farm women are taking almost entire charge of the poultry plant and hence do not have much extra time to spend on "fussy" menus.

Puddings are always acceptable desserts and if made correctly are always sure to please the tired and hungry field workers at noon-day. Chocolate and tapioca, which may be purchased cheaply at the grocery, make splendid foundations on which to build these "hasty" puddings.

These recipes were suggested by Mrs. Nellie Kedzie Jones, one of Wisconsin's Farmer's Institute workers.

Chocolate Bread Pudding—Two eggs, one pint milk, one-half cupful sugar, one cupful bread, one square of chocolate. Bake 30 minutes. If the bread is very dry, one cupful is ample; if it is very moist, it will take more of it. It is always possible to vary this pudding by adding raisins and spices. Bake about half an hour in a slow oven. If the bread rises to the top while baking, it should be stirred frequently. It may be served with butter.

Steamed Chocolate Pudding—One egg, one-half cupful sugar, one square chocolate, one-half cupful milk, one cupful flour, two tablespoonfuls melted butter, two teaspoonfuls baking powder. Steam in cups 10 minutes.

Tapioca Pineapple Pudding—Soak the tapioca while opening the canned pineapple. Use four tablespoonfuls of tapioca and add one-half cupful of water, stirring in a dish on the stove until it becomes warm. Cut pineapple into small pieces. A tablespoonful of sugar is ample, as the pineapple itself is very sweet. Butter baking pan well on bottom, as tapioca sticks to an ungreased dish. Four cupfuls of water added before baking will be sufficient. Put in a layer of tapioca and then a layer of pineapple and sugar. Repeat, having a layer of pineapple on top. The dish need not be covered while baking, as the pineapple seldom shrivels like other fruit. Bake half an hour and serve cold with cream.

What Gives Milk Its Color.

Recent experiments show that the color of milk is chiefly due to the presence of carotin, a coloring matter found abundantly in green plants, especially in grass. The yellow pigments of our bodies also consist of carotin, which is probably derived chiefly from our food.

Skunks Enemies of Caterpillars.

A new field of usefulness has been found for the much-maligned skunk in the fact that it is a vigorous enemy of the full-grown range caterpillars. Birds are of no service whatever in destroying these large caterpillars, but skunks devour quantities of them, and this is another reason why these little creatures should receive more consideration than they now do.

WILSON STERN WITH GERMANY

President Insists That Submarine War On Neutrals Must Cease

Washington, May 12—A stern note, in essence an ultimatum, written by President Wilson himself will be cabled to Germany by Secretary Bryan tomorrow.

Upon it hangs the issue of peace or war, or perhaps the middle ground of severed diplomatic relations.

Dispatch of the note was delayed tonight, pending certain legal revisions suggested by Counselor Robert Lansing of the State Department.

It is a grave moment in the history of the United States. This government has spoken in terms that cannot be misunderstood. Germany must either make the complete reparation demanded and cease her submarine warfare upon defenseless ships or the United States will refuse to deal with her.

The President feels that the advertised warning to passengers not to sail on the Lusitania is an aggravation of Germany's guilt.

PE-RU-NA

The Traveler's Companion

Mr. Arthur L. Pierce, 2111 Sheridan Ave., St. Louis, Mo. "The curative value of Peru is truly wonderful. I think it especially valuable as a specific for catarrh of the system, and for a man who has traveled for years as I have and who is certainly exposed to irregular meals and uncomfortable sleeping accommodations, Peru is one of his best and most needed traveling companions. It throws off disease and keeps him well. I therefore heartily recommend it." Those who object to liquid medicines can now procure Peru Tablets.

PERSONAL AND SOCIAL

John McDonald made a business trip to Antigo Tuesday.

Charles Hubbard went to Phelps Tuesday to do a job of mason work.

Sheriff Crofoot made an official trip to Pelican Lake Tuesday.

H. Waite of Stevens Point spent a few days of last week at the Whittaker home.

Fred Russel and family are nicely settled in the Lansing house on Shepard street.

Miss Ethel Dewey of Green Bay was a guest at the home of Mrs. Frank Covert on Carr street this week.

Mrs. L. Schoening returned to her home in Merrill Monday after a few days' stay with her parents, Mr. and Mrs. Wm. Whittaker.

W. Long returned to his home in Merrill Monday after spending some time in this city, the guest of Dr. Clark on Carr street.

Henry Cook of Kaukauna and Mr. Miller of Green Bay, delegates of Epworth League were entertained at the Hubbard home.

Mr. and Mrs. E. C. Henning and children are spending the week in Rhinelander will visit relatives in Chicago and before returning to Indianapolis, Ind.

The east side residents are very much pleased (?) with the piece of sand side walk they have to walk around at the end of the creek bridge on Barnes street.

Guy Edgar of Antigo and Keneth Bard of Manawa were entertained at the R. J. McIntosh home while here as delegates to the Epworth League convention.

Misses Lucy Gilman, Gladys Oils and Olive Wickel of Antigo were guests at the W. Whittaker home Sunday. They were here attending Epworth League convention.

FARM HANDS FREE—Free of charge to farmers, help paying train fares. We supply single farm hands, dairy hands and married couples thoroughly experienced. Phone Main 5074, Diamond Farm Hand Agency, 32 So. Canal St. 2nd floor Chicago, Ill.

L. M. Douglas of Warren county, Iowa, and Frank Marshall of Lucas county, same state, spent part of the week in the western part of the county looking over lands owned by C. P. Crosby and it is learned they made large purchases. Mr. Crosby says that many other Iowa people will make investments in the county during the summer.

Fancy, brick ice cream for your Sunday dinner at Riley's.

Hugh Donohue was over from Starks Tuesday.

Miss Edith Emory of Merrill is visiting at home of C. B. Howe.

Dolly Varden and Huyler's chocolates at Riley's.

Miss Glenn Oxley of Duluth is the guest of Miss Lottie Miner.

William Lathrop of Tomahawk Lake was in the city Wednesday.

Drop in at Riley's for one of those famous sodas or Sundae's.

Oscar Olson of Bundy, visited his friend, Sam Samuelson Wednesday.

Mrs. J. Enders went to Gladstone, Monday for a week's visit with relatives.

Mrs. Albert Staats of Antigo is the guest of her daughter, Mrs. Harvey Nelson.

W. D. Barnard of the Trout Lake forest preserve was in the city Tuesday.

Have you tried one of those delicious fresh strawberry Sundae's at Riley's.

Mrs. Guy Waldo of Park Falls, is the guest of her parents, Mr. and Mrs. W. D. Joslin.

Charles Worden, was here Monday in the interests of the Menasha Woodenware company.

Arthur Taylor was in Wausau Tuesday transacting business pertaining to the Oneida county fair.

Mrs. Victor Alderson Jr., went to Tomahawk Lake Wednesday to be a guest at Sunflower Cottage.

Mrs. E. N. Galef and baby son of Madison are guests of her parents, Mr. and Mrs. W. W. Carr.

Get the habit of going to Riley's for your ice cream, cold drinks and candies.

Gus Olson has purchased Clinton Hansen's residence property on N. Brown street near the "First Baptist church."

John Locke formerly of the Nichols Hardware company has accepted a position with Gregg & Jacobs in Stevens Point.

FOR SALE—Canoes. Fifteen foot Racine canoe with paddles \$18.00, if sold before June first. Address Box 524.

George Stumpf has resigned his position at the Bijou theater and has entered the employ of the T. C. Wood Hardware company.

Dr. Wendell Smith, who was injured in an auto accident several days ago, is recovering rapidly and will soon discard his crutches.

The fire department was called to a chimney fire at the residence of Dr. Kabel Friday and responded to a similar alarm from the John Harlow home Saturday. No damage.

FOR SALE—Steel range with reservoir. Been used only short time. Will sell cheap if taken at once. Write or call, J. J. Nick, Rhinelander, Wis.

Burning rubbish was the cause of a small fire which threatened to do serious damage in the rear of the Whipple residence on Thayer St. Tuesday. The firemen succeeded in checking the blaze before any loss resulted.

WANTED—Salesman to sell our guaranteed oils and paints. Experience unnecessary. Extremely profitable offer to right party. The Empire Oil Company, Cleveland Ohio.

Charles A. Conro and James O'Mella, Jr., have each purchased a new Chandler touring car which arrived this week. The cars were purchased from Frank C. Tank, of this city, who is the Chandler agent for Oneida, Vilan and Forest counties.

ROGER ENGSTROM, AGED 4 MEETS TRAGIC DEATH TO-DAY

Roger Engstrom, aged 4 years, son of Mr. and Mrs. Oscar Engstrom, who reside on Dr. Moore's farm in the town of Crescent, died in St. Mary's Hospital shortly before noon from injuries sustained in a runaway near the Rhinelander Creamery & Produce company's plant this forenoon.

The little boy was in the carriage with his father when the horse became unmanageable and both were thrown out of their seat to the ground. The back of the child's head was crushed in and it is believed that he was kicked by the horse. He was picked up unconscious and rushed to the hospital where he expired while being operated upon by Drs. Westgate and Garner.

SEE California's Expositions

Via Northern Pacific Ry. and Great Northern Pacific S. S. Co. Low fares—liberal stopovers. Daily Palatial Transcontinental trains over the Scenic Highway through some of Earth's grandest and most inspiring scenery to Spokane and North Pacific Coast Points.

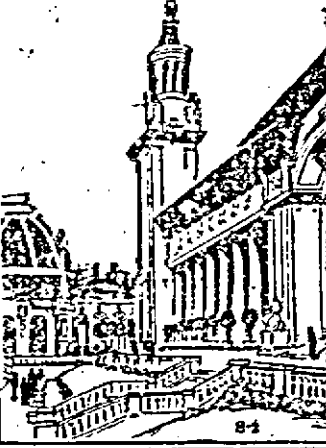

Connections with steamship lines, the Great Northern Pacific S. S. Co. (meals and berth included) or "Shasta Rail Route" to San Francisco. Choice of routes returning.

Stop at Yellowstone National Park

America's only Geysers and Nature's world's Exposition, enter via Gardiner Gateway reached only by Northern Pacific Ry. Ask about Escorted Tours to and through the Park. TO TEACHERS

All teachers wishing to write on one or more branches either to raise their standings or obtain a new certificate are requested to notify me at once. An examination will be held at the Training School Friday and Saturday, May 21st and 22nd, for any who wish to write. The regular examination will be held in August after the close of the Normal summer school.

F. A. LOWELL, County Superintendent.

Buy it in Rhinelander. George Hanson was in Menico, Tuesday.

Do you wish to get about \$1500.00 on real estate security. See Lawyer R. J. Morter.

Allen McCormick, at one time a base ball player of this city, was in Rhinelander today on his way from northern Michigan to Wausau. His brother, Charles McCormick, also a former resident here, is a grocery salesman through North Dakota and Montana.

Repairs are being made on the old Ball livery barn on Rives street which will soon be occupied by N. P. Edlund's livery.

Work of tearing down the Edlund livery stable on S. Brown street to make way for the new \$20,000 Eagle club house is about to be commenced. Ira Cox, who dismantled the Fuller House, will do the job.

Sufficient Encouragement. "But she says she has never given you any encouragement." "Did she say that?" "She certainly did." "She told me that her uncle was going to leave her a fortune and that he had one foot in the grave. If that is not encouragement I'd like to know what you call it."—New York Post.

BIG CARNIVAL MAY SHOW HERE

Earl B. Enos, general agent for the Heinz & Beckman Shows, one of the biggest carnival caravans now touring this country, is in the city and will endeavor to arrange for the exhibition of the company here, the third week in June. Mr. Enos is anxious to bring the carnival here under the auspices of Company L.

The company is transported on twenty-five cars, has twenty shows, three free attractions, and a first-class thirty piece band. Wherever possible the shows are placed on the streets.

WHY TWO NORMALS ARE NECESSARY

Northeastern Wisconsin Points Not Easily Accessible By Rail

The board of regents of normal schools have submitted a printed report to members of the legislature on the selection of a normal school site in northeastern Wisconsin, a proposition, which is being fought by some of the members.

"The action of the legislature of 1913," says the report, "directing the board of regents of normal schools to find a suitable normal school site for northeastern Wisconsin suggests that the members of that body believed that Wisconsin does need more normal schools."

"Wisconsin is committed to the policy of having thoroughly well trained teachers in every public school in the state. It will never be satisfied until this ideal is reached because it is recognized that the training of the children of the commonwealth is the most fundamental and the most important function performed by the state."

The report sets forth that there has been rapid development in northeastern Wisconsin that that section of the state is entitled to normal school facilities. Because of railroad facilities, however, it is difficult to find a site which will accommodate more than a small part of this territory. The board reaches the conclusion that the present and future educational interests of the state would be best served by providing two normal schools in northeastern Wisconsin.

Elmer Schellenger of Milwaukee is the guest of his parents, Mr. and Mrs. H. E. Schellenger.

Two masses were celebrated at St. Mary's church this morning in observance of Ascension Day.

Mrs. H. B. Easter of Olivia, Minn., has just purchased 240 acres of cut-over land in the southern part of the county from C. Eby. She will move here next fall.

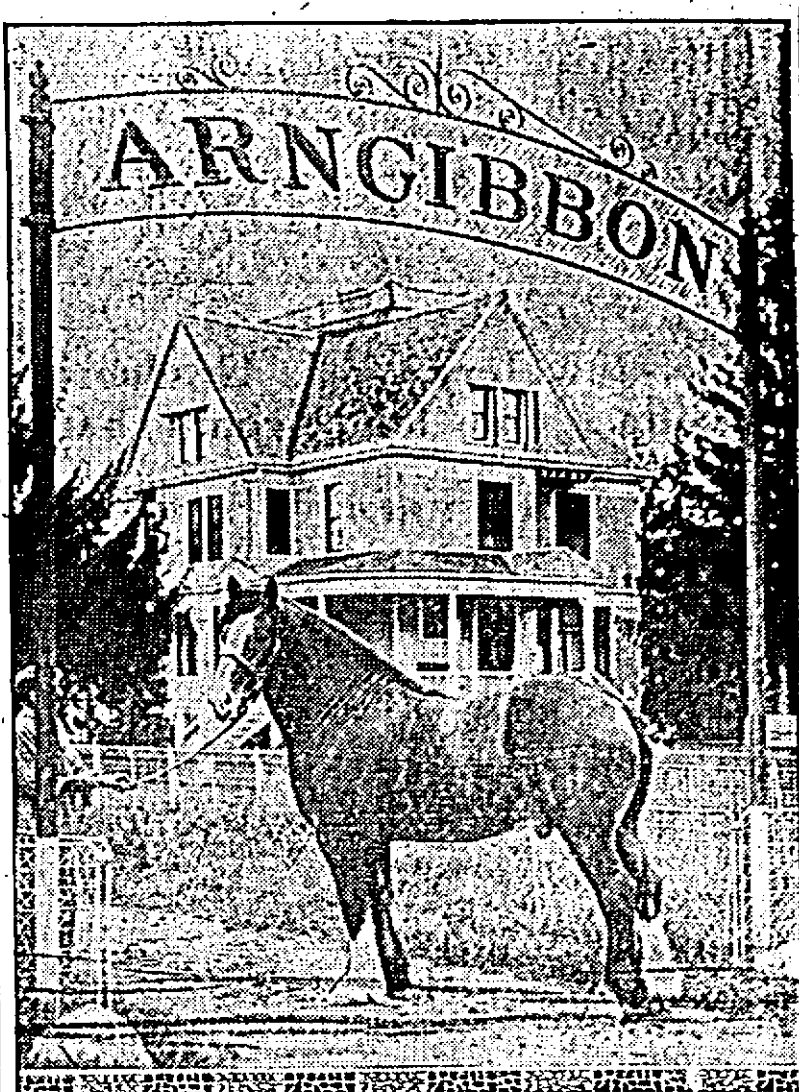

J. G. Dunn has been removed from the hospital to his home on S. Pelham street. His condition is reported to be somewhat improved.

Misses Olive Rogers and Maude Ashton returned Sunday from Minneapolis where they were guests of Mr. and Mrs. Frank Ashton.

Peter Dufraine, who has been ill for several weeks, was able to be down town Monday, although he is far from being a well man. Mr. Dufraine has had a long seige and his steady improvement from now on is looked for.

Greatest Poets. Homer, Lucretius, Dante, Shakespeare, Goethe, Milton, Shelley, Byron, Tennyson, Browning. Perhaps others might be added. It is largely a matter of taste and temperament—although there is but little room for argument about the first six names.

APPEARANCES COUNT THE WORLD OVER

Why Not Think Enough of Farms to Name Them?

Perhaps because the country needs them less, the annual clean-up and paint-up campaign is usually confined to towns and cities.

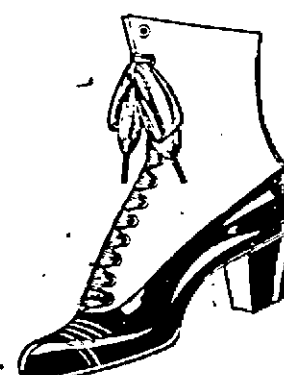

There is, however, cause for action on many of our farms. For a coat of good paint brightens, gives an air of enterprise, and cheer and thrift, and preserves wood indefinitely if applied from time to time as needed. Paint makes wood waterproof and airproof and prevents decay. Anyone who can wield a brush can learn to paint. Then buy good paint, brighten up, look prosperous, and well-cared for. We have known a coat of paint on a set of farm buildings to add several thousand dollars to the selling value of the place.

DeWitt Wing, well known to hundreds of Wisconsin farmers, has just supplied us with still more reasons for a good thorough clean-up. Here they are just as he gave them: "The creator gave to the country a peculiar charm. Beauty—beauty of blade and blossom, of hill and hollow, of daydawn and sunset—comes as the birthright of every person who is country-born. In the springtime nature writes in pink her orchard proclamation of plenty, and in late summer and fall time fills the fields with grains of gold. Sometimes civilization has clustered, but never has nature. Whatever there is of ugliness in the great outdoors is man made. Beauty is a part of the farmer's unearned increment. Health, too, should be for him and his—health and happiness, best of ancient blessings so often wished for friends. Because we 'absorb environments,' a farm clean-up day may result in better living, higher thinking—yes, and better health. It may also play no small part in the solution of a big problem, that of keeping on the farms of the nation a larger number of agriculturally trained and efficient men and women. Such as these will find in their work not only a living but a life. They will share in the spirit of joy in the excellence of production."

There is almost no end to the things that can be done to make the home grounds more attractive. But the alert farm boy needs no list to show him what can be done and more than likely before he gets through with the job he will have thought out a suitable name for the old farm. It may be, too, that his father will be urged to have a neat sign-board painted to hang over the front gate telling the passers-by who lives there and why.

Good values in the new Smoke or Gray Top Ladies' Lace Shoes at \$3.50

Money's Worth With Every Pair

We have a big assortment of hot weather Sandals for Men, Women and Children. Children's in Tan and Nu-Buck. Very dressy and comfortable. Also a big line of House Slippers for \$1.00 to \$2.50.

Dress Your Feet for Comfort at Gary & Danielson's

Responsibility Ended. The youngster's grandmother and aunt had been visiting him, Mrs. Homer Hoch of Marion relates. He had been including them in his prayers saying God bless each of the immediate family and them also. The night of the day on which they left, he prayed his prayers as usual, including them. Then he took a second thought and said, "Oh, no, I forgot. Grandma and auntie are gone, so you needn't mind about them any more."—Kansas City Star.

Wrong Position for Sleep. Sleep cannot knit up the raveled sleeve of care or do any other reparative knitting, if the head is bent sharply to an acute angle with the collar joints. Frequently men and women who have slept in this supposedly objectionable fashion for years and years suddenly lose the capacity to sleep with no new discoverable reason. It is difficult to convince them that the elasticity and resiliency of youth has heretofore made up for their lifelong awkward pose.

BUILDING RESPONSIBILITY

THE men and women who get ahead are the ones who are prepared—prepared to meet almost any emergency.

They have by a system of saving not only prepared themselves financially but have developed in themselves a stronger purpose and a broader field of endeavor.

The savers are the community's substantial citizens.

Conditions of Contest

In one or more ads on this page a word has been intentionally left out. Read all the ads carefully and see if you can supply the missing word.

Write your answer plainly on a sheet of paper and sign your name to same then put it into a plain envelope, then bring or send it to the New North Office. Only adults can enter their names in this contest.

In writing your answer specify the ads and the lines in the ads in which the words are missing, giving the correct words.

These ads will run once per week

for ten weeks in this paper and one dollar will be given for the first correct answer in each week's contest. The envelopes will be placed in a box and drawn out; the first correct answer will be entitled to the dollar.

All answers must be brought to the New North office before Tuesday of the following week.

No answer received by telephone. A notice will be published in following issue stating what words were left out of these ads and who is entitled to the dollar.

Standard— It's a Brick

Lay in a Lot of it

You could smoke STANDARD by the hogtail and you'd never get enough — it's so mellow and rich and pleasing. Lay in a supply of it today. Keep some at home and some on the job, and it will hold you steady as a spirit-level trues a wall.

STANDARD Long Cut Tobacco

is the one perfect tobacco for the sturdy man who likes his tobacco rich, full-bodied, and satisfying. Made of pure Kentucky leaf, aged carefully for three to five years so as to bring out all its natural flavor and sweetness. This is what makes STANDARD always the same: It doesn't depend upon one season's crop, like many tobaccos. We have several seasons' crops always stored away.

And that's why a STANDARD user never bothers experimenting with other brands. He knows the old reliable STANDARD never varies—it's the one tobacco that always satisfies him. Take STANDARD on the job for a week's try-out—after that you'll always carry STANDARD in your jeans. Sold everywhere in 5c packages.

Other sizes, 10c, 15c, 30c and 35c Packages.
THE AMERICAN TOBACCO COMPANY

State of Wisconsin,
Circuit Court, Oneida County.

In the matter of the Application of
Clark G. Kuehn and Kuehn-Partridge
Lumber Company, a corporation, for
the organization of a drainage district
in said Oneida County.

NOTICE IS HEREBY GIVEN that a hearing will be held before the Court at the circuit court room in the Court House in the city of Wausau, Wisconsin, on the 4th day of June, 1915, at 2 o'clock P. M., on the matter of the confirmation of the report filed in the office of the Clerk of the Circuit Court of Oneida County, Wisconsin, by the Three Lakes Drainage Commissioners of Oneida County, Wisconsin, which said report was filed with the Clerk of said Court on the 15th day of May, 1915.

That the lands damaged by the said drainage district, as set forth in the said report filed by the said commissioners, are as follows, to-wit:

Lot 2 of Section 34, The N. E. 1/4 of the S. W. 1/4 of Section 35 Township 24, North of Range 10 East; the net damage on each of said tracts being the sum of Two Hundred Dollars (\$200).

That all of the other tracts, places and parcels of land situated in said drainage district, are benefited by the said proposed construction of the said drains and ditches, a description of which said lands, and the sum assessed thereon for construction of the said drains and ditches, are as follows, to-wit:

Section	Tract	Assessment
Section 34	The N. E. 1/4 of the N. E. 1/4	\$130.00
	The S. E. 1/4 of the N. E. 1/4	\$20.00

CHANDLER AGENCY

FRANK C. TANK,
Salesman and Manager

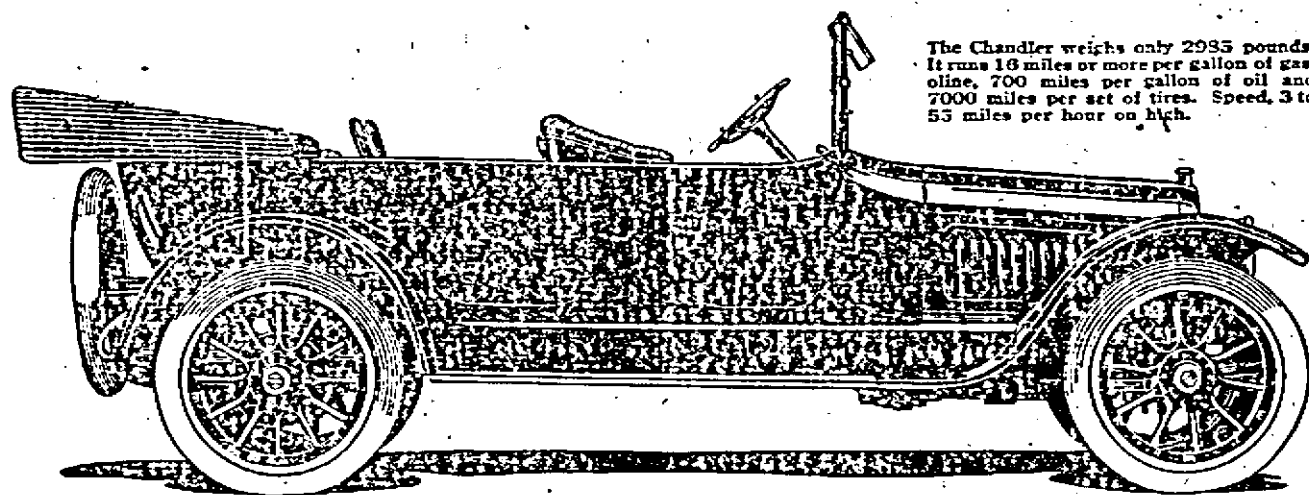

Appointed

Distributors for

CHANDLER SIX \$1295

We are pleased to announce that we have secured the agency for the famous Chandler Light-Weight Six. The factory has appointed us distributors for this territory.

The recognized leadership of the Chandler makes us especially proud of this connection. We are prepared to make prompt deliveries of the new season's Chandler and to insure generous, intelligent service at all times to local Chandler owners.

The Chandler weighs only 2995 pounds. It runs 16 miles or more per gallon of gasoline. 7000 miles per gallon of oil and 7000 miles per set of tires. Speed, 3 to 55 miles per hour on high.

Sensational New Price on the Leader of Light Sixes

THE announcement of the Chandler's new price came as the greatest surprise the automobile industry has had for many a year. The continuation of the same Chandler model that met with such success when selling for \$1595, at a \$1295 price, offers a car value so far surpassing all others as to put it entirely in a class by itself.

Please note carefully that this is not a new cheap model. It is not experimental. Thousands of them are in service all over America. Not a single feature of design or materials has been cheapened to make this price possible. The Chandler Company, now up to a point of heavy production and operating at a minimum overhead expense, has simply taken this bold step to attain a leadership which cannot be challenged.

Every Feature that Has Made the Chandler Famous Is Retained

Yes, and every degree of fine workmanship and finish and every degree of high quality in materials. All the following features of design and construction are found on the Chandler, and not on any other six-cylinder car selling for less than \$2000.

Bosch magneto
Gray & Davis separate unit electric starting and lighting system
Enclosed silent chains for driving motor shafts
Worm-bevel rear axle
Bosch spark plugs
Mayo genuine Mercedes type radiator
Cast aluminum motor base extending solidly from frame to frame
Rayfield double-jet carburetor
Imported annular ball bearings throughout

Genuine hand-buffed leather upholstery (not machine-buffed, split or imitation)
Luxurious stream-line body
Golde patent one-man top, with jiffy curtains
Firestone demountable rims
Large gasoline tank carried in rear
Motor-driven horn, speedometer and all the usual incidental equipment
And the marvelous Chandler motor built in the Chandler factory

Touring Car or Roadster, \$1295—with the Marvelous Chandler Motor.

You cannot afford to pay more than \$1000 for an automobile without seeing the Chandler.

NEAT TRAVELING COAT

CAN BE DEVELOPED IN A VARIETY OF MATERIAL.

Styles Just Now May Be Said to More Nearly Meet the Requirements of the Wearer Than Any Previously Introduced.

Coats for motoring and traveling more nearly meet every possible requirement demanded of them than have any heretofore introduced. They are roomy throughout, comfortable, smartly tailored and express a chic ensemble that could not be improved upon.

Here, for example, is one that may be developed in club-checked or blue serge, covert cloth, pongee, or even

Traveling Coat.

linen crash. The collar can be left open as well as closed by unbuttoning the right overlapping front of the coat and turning it back in a triangular lapel.

The front of the coat shows a broad belt introduced from the sides through oblique eyelets. A double-breasted effect is maintained both in the blouse and skirt portions, which brings the line of closing well over the left side.

The flared upstanding collar is held erect by a band that encircles the base of the neck, then turns downward, following the line of closing of the blouse. It fastens with a row of flat nickel buttons.

The skirt of the coat is gathered beneath the belt, but at the sides and in back the lengths from shoulder to hem are in one piece flaring below the waist.

Note the clever pockets which so consistently repeat the buttoned band arrangement of the collar.

There is a new summer fabric that would be splendid for this model should it be used as a dust coat, and that is khaki-kool, a new khaki-colored raw silk weave particularly recommended for coats and suits.

BUREAU SCARFS IN SUMMER

Should Be Lighter, Both in Material and Color, Than Those Used in Winter.

Even bureau scarfs should be of a more simple character during the hot months. All fussy things, including scarfs, should be carefully packed away with the blankets and (if you have such antiques) feather beds. Strips or lengths of voile make excellent scarfs. These may be plainly hemmed or hemstitched about the edges. It is a pretty idea to introduce into the bureau scarf the dominant color of the bedroom. Supposing this color to be a cool blue, then the color in the scarf may be blue, and perhaps mixed with a little green foliage. Make a colored border about the scarf, either by stenciling or stitching in blue thread. Various designs and stitches can be used for this purpose. If there is not time to embroider the scarf in color it is possible to obtain the voile already stamped with colored flowers that need no retouching, so that the effect is very like stenciling. The curtains might be made to match.

EASY TO MAKE BRIGHT SPOT

Single Cushion, in Gay Colors, Will Do Wonders in Improving Appearance of Room.

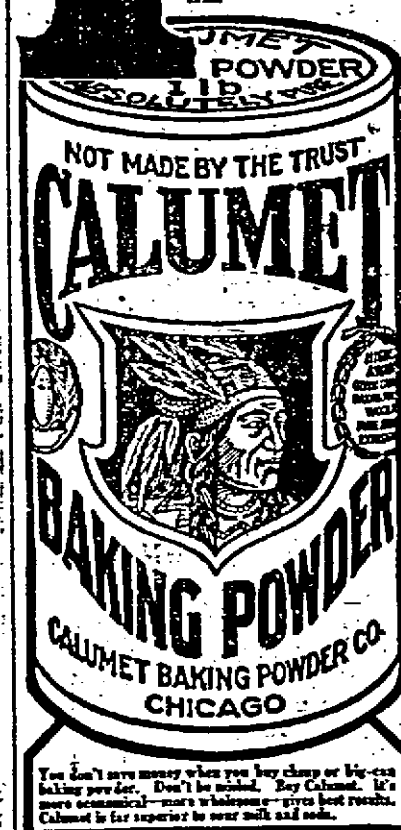

If your living room or your bedroom is in need of a bright spot, get to work and make a cushion of bright-colored material. It is surprising how one solitary cushion will change the whole atmosphere of a room. A cushion made of old-rose poplin, denim or silk would just sing with joy and happiness if you would place it amid your surroundings. Through the center of the cushion sew a strip of white poplin on which large old-rose flowers are printed. Around the edge of the cushion sew a strip of narrow old-rose silk fringe. Should you find that old rose will not harmonize with your wall paper or your hangings, select a color that will blend with them—bright green, blue or yellow will have the same cheerful effect as the old rose.

1st First in Everything

First in Quality
First in Results
First in Purity
First in Economy

and for these reasons Calumet Baking Powder is first in the hearts of the millions of housewives who use it and know it.

RECEIVED HIGHEST AWARDS
World's Pure Food Exposition,
Chicago, Illinois,
Paris Exposition, France, March,
1912.

You don't save money when you buy cheap or big-cal baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to any other soft and soda.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: "The need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol."

CITY ENTERTAINS EPWORTH LEAGUE

(Continued from first page.)

was enjoyed by the delegates. Though the weather was very cold all voted to take the long ride around the loop and reported a fine time. Dinners, and suppers were served in the church dining room which was prettily decorated in red and white. This promoted the social side and gave more time for conferences.

Dr. Graiz's lecture Saturday evening on "The Bow-Case" will long be talked about. The main thought was that of courteousness and helpfulness in the everyday duties of life.

The devotional meetings on Sunday were a spiritual uplift to all who attended. The sunrise prayer meeting at six-thirty led by Rev. Clemens was attended by a hundred people. The morning's sermon on obedience to the heavenly vision was inspiring. The service of the afternoon had as its keynote—consecration and the evening thought was a message to remain faithful in the humdrum duties of life. Dr. Graiz had charge of three meetings. At the close of the convention the usual custom of parting was followed. The Epworthians formed a circle around the pews and sang "Eleanore the Tie That Binds."

About seventy-five delegates attended the convention. The following were some of the places represented: Fond du Lac, Appleton, Neenah

Green Bay, Marinette, Crandon, Dunbar, Waupun, Merrill, Tomahawk, Antigo, Grand Rapids, and Stevens Point.

The visiting Leaguers left with a fine impression of Rhineland and its hospitality.

TRAINING SCHOOL

W. E. Larson, State Rural School Inspector, inspected the Training school, Monday.

May Stagman, having finished her term of school in town of Pine Lake has entered the Training school for the balance of the year.

The children of the Model school are at work on a program to be given sometime before school closes. Instead of the usual class plans the graduating class have ordered class rings.

Lorena Foss, a member of this year's graduating class is substituting at Pelican Lake for Miss Jorgenson, whose mother died this week.

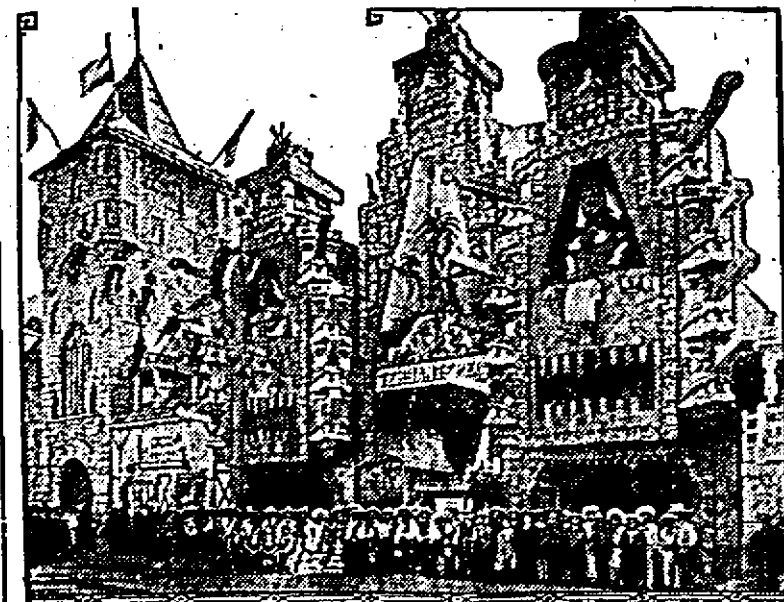

"JONAH"

Jonah a type of Israel. Israel in the past, Israel in the present, Israel in the future. Is God through with the Jews? This will be the topic for the evening service at the First Baptist church. The public is invited. Morning worship 11 o'clock. Subject, "Suppose." Evening service, 7:30. Special music.

Fireproof Wood.

To make wood fireproof, slack a small quantity of fresh lime and add water until it has the consistency of cream; stir well and add one pound of alum, 12 ounces of commercial potash and about one pound of salt. Stir again and apply while hot. Two or three coats will keep wood fireproof for many months.

ARTS AND CRAFTS OF 10,000 YEARS AGO SHOWN IN THE TEHUANTEPEC VILLAGE AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION.

The Tehuantepec village on the Zone at the Panama-Pacific International Exposition is a bit of the oldest civilization of the world brought to San Francisco from the country of the Aztec ruins in Central America. Beautiful carpet weaving is shown, together with onyx cutting, clay and wax modeling, ancient dancing and singing, pottery making and coloring and other arts characteristic of the people. A typical garden is open to the visitor in the concession in which is to be seen the landscape art of this people.

Avoid Worry.

To live above worry is no little task, especially for persons of a nervous temperament. Nevertheless, it is possible and can be attained through the ever conquering power of the will. Then, too, worry is one of beauty's greatest destroyers; it kneads the face with furrows that are difficult to remove and far from pleasing to look upon.

Finest Dates Grow There.

Beyond the land of the Berbers, in the far south of Morocco, lies the great oasis of Taflet, famous for its vast groves of date-palms. Here, for hundreds of square miles, the land is covered with a thick growth of the tall, straight stems of the palm, and the product of these close-growing trees is enormous in quantity. They produce the finest dates in the world.
